

November 9, 2017

Dear Parents,

It was great to see all of you last week for our conference. It was nice to share information with each other and hopefully help each child with their needs. Report cards will come home with the children in their folders on Friday, December 1. Please contact me if you have any questions or concerns. Thanks again for your support and sending me such great children to work with.

I am including papers from the fire department as they came to do a fire safety talk with the students this week. They will come four more times this year.

We will be going to the Lebanon Opera House on Tuesday, November 14. We will be leaving the school at 9:00 and returning @ 11:30. We will be seeing the show Chicken Dance which is about bullying. We will go by school bus and will eat lunch at school.

I am sending home a new book order today, but would like it back by next Friday if you would like to order. I will try to have one more before the holiday break in case anyone would like to order for holiday gifts. If anyone would like me to hold any books as you want them for gifts, I can do that and make arrangements for you to pick them up from me so they can be a surprise. If you go online you can order from any of the forms.

We are collecting peaches and pears for senior citizens in our community. If you can pick up some cans of peaches and/or pears the children can bring them in and put them in the box in our classroom. They will get picked up after Thanksgiving.

Our annual all school Thanksgiving feast is quickly approaching. This has been a tradition for many years at WRS. Our entire student body eats a traditional Thanksgiving dinner together on our last day together before the Thanksgiving break. Each grade level contributes in some way. The kindergarten is in charge of making the stuffing. We need donations of bread, onions and butter/margarine. We will need all donations on or before Friday, November 17. Please contact me if you have any questions. It is a wonderful way to send them home before the holiday.

Please practice with your child to begin dressing with their winter gear. It is that time of year when they need to begin zipping, straightening out coats, putting on mittens, etc. We have been lucky up to this point. Thank you!

Keep the box tops coming.

Upcoming Events:
