Dear Families,

We're off to a great year! I hope you'll take a few minutes to answer these questions so I can get to know your child better, and so I can better teach him or her. I would love if you could do this when you have a chance in the next couple of weeks. The last few years, I have found these very helpful and I referred to them multiple times throughout the year! Thanks!

1. What is your child good at? (not only academically, but other areas of strength as well)

2. What does your child like to play, and how does he/she tend to play (ex: alone, in large groups, independently or needs adult interaction...)?

3. What is hard for your child?

4. How does your child cope with frustration?

5. In what ways would you most like to see your child grow in school this year, socially and/or academically?

6. Is there anything else you'd like me to know about your family so I can better teach your child?

Thank you!
